NOTE: Information on Sun Valley follows.

The history of the “American Shangri-La,” as Sun Valley is sometimes referred, is not too different from the magical village of legend. It all began in 1935, when Count Felix Schaffgotsch, under the hire of Union Pacific Railroad chairman Averell Harriman, set out in search of the perfect spot for a grand American resort.

The Count spent months searching the mountains of the west and surveying many areas that would latter become famous resorts, but none of them met his strict criteria.

Upon reaching the Ketchum valley, Count Felix Schaffgotsch was overwhelmed by the area and wired his employer, saying: “This combines more delightful features than any place I have ever seen in Switzerland, Austria or the U.S. for a winter resort.”

The Count’s enthusiasm spread to Harriman, who rushed to join the Count, and within days purchased 4,300 acres of what was soon to become Sun Valley.

Nestled in the middle of the spectacular Sawtooth Mountain Range is picturesque Sun Valley . There is no better place to train than the Sun Valley Skating Center which features a beautiful 180 foot by 90 foot outdoor rink, an Olympic sized indoor rink equipped with ballet studio, up to 30 sessions a day to choose from, and a full service skate shop.

Sun Valley offers nearly 28 miles of hiking and biking trails that give you plenty of room to explore beautiful Bald Mountain. Feel free to tackle the trails yourself, and discover all the little things that make the Bald Mountain experience so unique.

During the summer months the Pete Lane's Bike Shop has equipment for everyone in the family. Full suspension downhill bikes for riding Baldy, Cross country full suspension mountain bikes for the miles and miles of single track trail in the Wood River Valley, Hard Tail mountain bikes, both men and women specific in design, comfort bikes for the paved bike paths, big kid's bikes, small kid's bikes, bikes with training wheels, tricycles, trailers, tag-alongs, scooters, and baby joggers. All rentals include a helmet and a lock.

If you're searching for a true summer getaway, take refuge on the 18-holes of Sun Valley's magnificent golf course. The feathered golds and crystal blues of the stunning landscape combine with club-snapping challenges and towering tee shots to create a golf experience like nothing else in the country. This 72-par masterpiece consistently ranks among the nation's top resort courses and was ranked #1 in Idaho by Golf Digest.

The Boiler Room, a popular après ski and nightspot, features light snacks such as nachos and chicken wings. A must stop for your group is The Mike Murphy Comedy Show, starring Mike Murphy, the best après ski entertainer in the country. Open nightly.
